

ADURO VENTO

THE UNIVERSAL ONE

Paint runs through our veins.

ADURO VENTO – THE UNIVERSAL ONE

Versatile clear varnish for optimum results.

High-quality. Practical. Universal. Our product innovation Aduro Vento convinces with excellent quality, user-friendly processing and versatile application possibilities. Especially at low degrees of gloss, Aduro Vento proves its reliability by producing uniform matt surfaces without cloud formation. Optimal light protection and excellent mechanical and chemical resistance demonstrate the high quality of this varnish.

YOUR ADVANTAGES

- // cloudless matting effect, uniform appearance even for large matt surfaces
- // can also be used as a spray-on paint for pigmented surfaces
- // quick-drying
- // optimal light protection thanks to modern UV filters
- // good grain accentuation with beautiful pore pattern
- // very good mechanical & chemical resistance
- // suitable for toys (ÖNORM EN 71-3)

AREAS OF APPLICATION

- // for the coating of surfaces in furniture and interior design exposed to high levels of stress: hotel & school furnishings, kitchen & sanitary furniture
- // for flame-retardant or highly non-flammable structures & surfaces bleached with hydrogen peroxide
- // can be applied “varnish-on-varnish“ and is suitable as spray-on paint for pigmented surfaces
- // application areas II – IV (ÖNORM A 1610-12I)
